ESOTERIC ASTROLOGY AS NEWS FOR WEEK MAY 27 - JUNE 2, 2020 PENTECOST - TONGUES OF FIRE

Gemini is the definitive sign of communication. Gemini radiates Ray 2 of Love/ Wisdom into the world. When we communicate with each other, when we understand

each other via our open truthful communication, love appears, and wisdom, too. Pentecost is a religious festival, signifying fifty days after Easter (Resurrection Festival) wherein Disciples, having gathered in an upper room (mental plane), experienced "tongues of fire" appearing above their heads, the result of which was the ability to speak and understand all world languages. This experience was a Ray 3

humanity). Pisces has seen, during two thousand years, the spreading light; Aquarius will see the Rising Light, and of both of these the Christ (World Teacher) is the eternal The emphasis in the Aquarian Age will be on livingness, on freedom from the

and later crucified Savior to the Risen Christ (note: Christ symbolizes the Soul of

In the new world Aquarian religion, the Festival of Easter and the Feast of Pentecostwill be the two outstanding days of the religious year. Pentecost(Right perception, intuition) symbolizes Goodwill which creates Right Human Relations in which all nations and all of humanity will understand each other and - though speaking in many and diverse languages - will know only one spiritual speech which

There is one equation for peace on Earth. Intentions for Goodwill creates Right Human Relations which creates the peace, harmony, intelligence, wisdom and love all

our values. If you don't actually know your values, then observe yourself – actions, focus, communication. Note you're slower than usual, caring for what you love (and value) with extra care. You see your ambition, the acquiring of possessions, your impatience or impulsiveness. Your senses are more alive. You eat more. Every Aries eventually becomes a Taurus.

your reactions to people and events. Turn reactions into responses. You're more energetic, active, forceful these days. For a rare few moments or two, it's ok for you to be overly assertive. However, as Aries has become Taurus, you've become a very interesting Gemini. It's the planet Mercury always playing havoc. GEMINI: You've become more of a Pisces. Meaning? More sensitive, more reluctant to push the river, more compassionate and understanding. Your confidence has taken

TAURUS: Aries can sometimes steal your thunder, your Vulcan volcanic ability to

becomes creative. Music (more of it), please. CANCER: It's most important to think about cooperation, teamwork and how your personality impacts groups. With all your emerging thoughts and ideas, you may be inclined to talk over others, attempt to direct and dominate everyone and everything. It's best to work with as a team when considering humanitarian goals. It's also important personally to create daily agendas, schedules, plans and goals. They

recognized. This pleases you. I have written before that for a Leo to evolve others must see, applaud, point out and praise their efforts, gifts, talents and abilities. Praise is how (especially) Leos can more fully identify themselves as creative, saying, "I (now know that) I AM because of what I create (and you see it)." And now you know. VIRGO: You long for a new undertaking, a new venture, a quest, an adventure, a

vovage somewhere. And your restlessness won't accept any hindrances. Your life does

need an expansion coupled with new experiences. All the energy you're feeling

propels you into new travel, new studies, new interests, new books along with

opinions that may lead to disagreements, disputes and new points of view. Refrain

issues may be conflicts around values, what you hold in common with another, joint money and resources. Careful with communication and consequences. Contemplate SCORPIO: Everything may become challenging, especially interactions with

your personal internal conflicts. We reflect each other, the heavens and the earth. Conflict contains information. If we struggle long enough a new level of harmony emerges. Be as courageous, dynamic and lively as possible. Everything eventually becomes conflictual, then it resolves, then there's rapprochement. Help someone in SAGITTARIUS: Interesting new energy, at times quixotic and unexpected, is affecting daily routines, agendas, plans and work schedules. In between focus on

agitated, recite silent Oms. Laughter is the best meditation. CAPRICORN: Questions. Do you have lots of energy and self-discipline? Are you seeking new and unusual creative expressions? Do you feel you are expanding out of the old ways of identity and being? Do you have enough money? Do you feel the need for a deeper spirituality? And do you want to communicate about this? Tend to the wounds of loved ones. The result will be more play, pleasure, more sleep. Is your home comfortable? Do you need a new couch? Do you need more comfort? How is

AQUARIUS: You may find yourself being more and more creative, which gives you a greater sense of identity. Note how you feel more instinctive, protective and secure. Are new or unusual events occurring concerning where you live? Are you thinking about family matters? Gather up much of the past. Review everything. Assess what is useful, what you can give away, what you want to keep as family heirlooms. When issues from the past emerge, talk with someone about them. Someone safe and

PISCES: Perform daily tasks quietly and slowly. This creates mindfulness and efficiency. Consider professional needs. It's soon time to tell everyone of your visions, ideas, plans, wants and needs. Communications may be quick, unusual, unexpected, futuristic. Step back and watch Mars at work. Pushing things forward into a dreamy and unknown future. Tend to hands and feet with care. Sew and paint. Use the mind
