ESOTERIC ASTROLOGY AS NEWS FOR WEEK NOVEMBER 12-18, 2025

SCORPIO - THE WORLD DISCIPLE 8 THE NEW GROUP OF WORLD SERVERS

In Scorpio the World Disciple is called forth. Unbeknownst to most, humanity is the world disciple in potential and in actual fact. World Disciples are thinkers and leaders. They have the ability to perceive what is obstructing humanity from progressing forward onto the upward spiraling path – the Path of Evolution - the spiritual path, the Path of Return. It is the path back to our origins (the Father's House) after a long sojourn (we are the Prodigal Sons and Daughters of the Father) of forty million years. We are at the half-way mark. And beginning our ascent home after 21 million years of involution (descent into matter).

Scorpio is the sign that assists humanity in its identity as a spiritual world disciple whose daily mantra is "let reality govern our every thought and truth be the master of our lives."

In our present world of chaos, conflict and the Kali Yuga, where the

world disciple whose daily mantra is "let reality govern our every thought and truth be the master of our lives."

In our present world of chaos, conflict and the Kali Yuga, where the forces and doctrines of materiality are battling the Forces of Light (Arjuna experience) and the truth, world disciples around the world are called to stand in the light. As maya and illusion flourish on one side, the other side is quietly holding up light-filled lamps, so the way for humanity is not so dark and the pathway of light appears directing humanity to the City of Humanity, the garden humanity needs to return to.

Scorpio calls humanity to discipleship, and when one answers in the affirmative, disciples then enter into the New Group of World Servers (NGWS), radiating the ideals of the Aquarian Age – freedom, liberty, and peace for all. The serving and saving group in our world today is the New Group of World Servers. Everyone is invited to join us.

Note: We are under the influence of seven retrograde planets – Mercury, Jupiter, Saturn, Uranus, Neptune, Ceres and Chiron. Everyone has turned inward. Be aware that Thanksgiving this year will be under a Mercury retrograde and Saturn literally still in the heavens, stationing direct. Taking these astrological energies into consideration when observing the world, the environment, the people around us including ourselves, we understand what is occurring. And we laugh like the Dalai Lama. Then everyone laughs with us, realizing eventually laughter is the best meditation one can have.

ARIES: Things are not easy right now. Perhaps you feel a bit stifled, more tenuous about asserting yourself, at times defeated, and that all actions are futile. This is temporary. Your energy is hiding away and so is your usual courage. Past events and memories flood your mind. Deep down you are

Be generous, be kind, follow the Eight Noble Truths of the Buddha. SCORPIO: Even in the retrogrades, we can pursue the art of pleasure and the art of romance. Is the idea of risk appealing to you? Are some of you thinking of becoming fire fighters? Is there an unusual attraction to games having fun, seeking entertainment? Are there children in your life? Are you feeling competitive and rather dramatic? Do you sometimes feel like there's not enough love in the world? You will change that. Who and what do you want to be in the world? How do you want to be seen and known?

SAGITTARIUS: You have become like a mother lion, deeply protective of home, family, friends, relationships, events in your life. Do you feel at this time that you are living a rather solitary existence? Much of what you do feel and think is both instinctual and intuitive. The two are different aspects of the self/Self. One is our animal body/heritage, the other our godly, spiritual heritage. We are of the stars, made of stardust. Your mind seeks always our origins. Now you are to study water and the art of dowsing Earth being precipitated water.

CAPRICORN: When there is a more intelligent and mental approach in any direction and in connection with the many opposites in manifestation.

CAPRICORN: When there is a more intelligent and mental approach in any direction and in connection with the many opposites in manifestation you have the emergence of the divine Messenger, able to comprehence duality and extremes and relate them divinely to each other. You are one of the archangelic messengers placed in the world to help humanity climb to the mountaintop where the midnight sun shines. Capricorn is the Gate of Return. Capricorns are one of the messengers of God as they appear down the ages - revealers of new divine truths. Can you identify?

AQUARIUS: You work harder than most, and you can be faster than most too. A bit of carefulness is useful. This is not a criticism. It's an acknowledgement of your lightning speed of thought and action. It's good to develop more careful methods, deliberate actions, so that what you create is of value. You like money and possessions but sometimes take risks with spending. Is your energy equated to your self-worth? If so does that mean if you have less energy you are less valuable? You are steady constant, reliable and good. Read those last words over and over.

PISCES: A new energy and identity seeks to take hold. That of being active, more dynamic, more awake and aware, less in the fogs, less behind the veils, and responding quickly to situations. Many planets are in Pisces now. They are part of ending both a 2,500-year cycle as well as a 25,000-year cycle. This means deep change and transformation are upon us. You sense feel and intuit this. It's shifting your self-identity and how you're seen in the world. It may be time to teach, being direct, truthful and spontaneous aligning with the Buddha and the Christ on the road to Shamballa.

strong, able to work on your own, and you believe in yourself. We believe in

strong, able to work on your own, and you believe in yourself. We believe in you, too.

TAURUS: Your purpose is to interact with people so that you can come to know yourself as vital and creative, loving and wise. Your other purpose, just as important, at this time is to help others, especially groups (very special groups) learn their identity, as they articulate and achieve goals and learn how to cooperate. Like Aquarius, you have many acquaintances, some friends, few intimates. You are presently re-designing yourself.

GEMINI: All of a sudden these days you feel the need to succeed, be seen and recognized in the world as successful. And so, whatever you're doing, you're working hard, climbing the ladder, setting goals, meeting them, creating boundaries and moving ahead. Is there someone elderly or a father figure in the wings? Perhaps it's a memory or a dream. You are very serious. You need respect. You also seek freedom. You are original. Cultivate love.

CANCER: Attempt to listen to and regard the ideas and opinions of others as valuable. They hold truths that your heart needs to hear. You need someone around you who makes you laugh, someone with a sense of humor that you understand. You need to laugh yourself out of the veils surrounding you. These are natural veils. However, you're tired of them. Find the video of Alan Watts teaching the Laughing Meditation. And watch the Dalai Lama. He laughs at everything.

LEO: Great desires and aspirations are part of your make up, what you are made of, part of your being. When there isn't enough of something, we learn how to cherish it. What in your life do you feel there isn't enough of? There's a mantra we say each morning. You will like it. It holds us steady in reality and truth. "Let reality govern my every thought and truth be the master of my life." You understand this mantra. You allow nothing pretentious to appear in your life.

VIRGO: Always you have needed a challenging (one who challenges) partner, someone who is steadfast in their love, unafraid of confl
