ESOTERIC ASTROLOGY AS NEWS FOR WEEK APRIL 15 - 21, 2026

LAWS & PRINCIPLES OF THE NEW AQUARIUS ERA - THE PRINCIPLE OF GOODWILL

Humanity lives under the direction of the heavens, the stars, planets, Sun and moon. Astrology is its study, the heavens our classroom. Humanity also lives within ages (each age is 2,500 years long). Ages are determined by the Sun entering and exiting the atmosphere of one of the twelve signs. Our Sun is presently exiting the Age of Pisces and entering the atmosphere/Age of Aquarius. The ages are also directed by one or more of the seven stars in the Big Dipper. Pisces is overseen by Rays 2 (love/wisdom) and 6 (devotion, religion).

As our Sun enters Aquarius, we are encountering new ray influences. Along with Ray 2 (love/wisdom), are Ray 5 (concrete knowledge, truth, science, technology) and Ray 7 (new rhythms, archetypes, tasks). These influence the lives of humanity everywhere.

Entering a new age signifies a new developmental stage for humanity and new values, rhythms, behaviors, understandings, etc. to be cultivated. At each new age, a World Teacher appears with new laws and rules. These direct humanity into new fields of growth and evolutionary endeavors. In the Aries Age, Moses, the World Teacher, gave humanity the Torah (and Ten Commandments). In the Pisces Age (which our Sun is presently leaving), the Law given to humanity by Christ (World Teacher who overshadowed the man, Jesus) was (is) to "love one another."

In the new era we are entering, humanity is given the Aquarian Laws (3) and Principles (3). The Principles are: Essential Divinity, Goodwill and Unanimity. The Laws are: Spiritual Approach, Right Human Relations and Group Life and Endeavor. At first they are not easily understood, but over time (2,500 years), we begin to understand and express them.

Throughout the year, each law and principles is studied for 2 months. At the end of one year all six have been studied, pondered upon and brought into right action by disciples. We are presently studying the Principles of Goodwill (February 21 - April 21). On April 21st, we begin studying the Law of Group Endeavor.

What is Goodwill? Goodwill is the abundant outpouring of Love. It's contagious. Goodwill is a force and power for the good of all. Goodwill emerges from the Will-to-Good and Will-to-Love (Pisces law). Goodwill inspires others and transforms the world. The New Group of World Servers are men and women of Goodwill. We begin by having intentions for Goodwill.

(note: for daily news see Risa D'Angeles FB page or <https://nightlightnews.org/daily-postings/>)

ARIES: With Sun in Aries, everything is fiery and you're here, there and everywhere. In and out, up and down. The energies are dynamic, instructive, fiery and sudden, leading to possibly excessive activities and times of melancholy. Attempt to focus and compose the self within the heart. This allows all new ideas, not yet to be acted upon, to filter through the question "Is this for the Goodwill of everyone and everything?" The answer allows you to know the best course of action through these tumultuous times. Stand steady, Aries.

TAURUS: You're often in serious research or study, attempting to sort out details, feelings, instincts, and intuitions. And the main keys of truth about our present times. You may not know immediately what you feel or what the truth is. However, you must still express to others what you know, when the timing isn't right, when the path isn't clear, when the past hasn't caught up to the present/future. You know moving forward without right timing is foolish. You study the astrology of the times and of others. Then the right timing appears.

GEMINI: Sometimes, maybe lots of times, Geminis can feel alone. They make jokes to disturb any deep seeking of their inner lives. They protect themselves through humor. But there's an inner life to Gemini. Love sometimes hides. Why is this? So Gems, like jewels, can know their true wants, needs, and aspirations. Pleasure might also be hidden, delayed until just the right time to come out and play. Be very aware of the new and full moon times. Since love pours down on all of humanity during these times (they are festivals) and since you're Ray 2 (Love/Wisdom), you're always in the direct pathway to receive. Allow nothing to interrupt your meditations.

CANCER: Anything unresolved with intimates and relationships (even those who have died) will reappear through feelings, thoughts, emotions, dreams and memories. Prayer is very helpful. So is imagination. And talking to our loved ones, even if they are not there physically. Attempt to reconnect with grace and equanimity, remembering "Love underlies all events and happenings." Life creates tests, losses, sadness, memories, sorrows. These are meaningful encounters, so that we are strengthened. Contemplate on all ideas and dreams being impressed upon your mind. They are messages of love.

LEO: It's as if you need a ship to navigate the tides of thoughts and feelings going in and out of your life. See yourself at the seashore, next to an ocean of blue. See yourself building a fire close to the water's edge. Then contemplate both elements - fire and water. When they join in your imagination a new reality, new direction and a new awareness of life is impressed upon your mind. They are your hopes, dreams and wishes. You need them. The challenge will be maintaining an inner, steady course when emotions are overwhelming. You can do this. Talk with everything around you. The animal and plant kingdoms listen well.

VIRGO: You'll be practical as well as creative with money and finances, day-to-day events, plans, connections and agendas. Even if you feel like an inner explosion might occur, focus on how to bring balance and harmony, caution and care into all situations. The days and nights, our entire world at this time, is paradoxical with polarized realities everywhere. Remain in the middle where the light is. Visualize standing at the top of a pyramid, you at the apex. All around you are forces of life and livingness. Be the Tarot card of the Empress. That will be your adventure.

LIBRA: You continue to assess what you're able to provide to others, especially those close to you. Something, like love appearing, is changing within. You review what you need. Do you need love from family, from friends, from associates? What do you need now? Sometimes realizations can be difficult, especially for Librans who want to have harmony above conflict, ease above constant change. You want more depth now, more meaning,

closeness and yet you also seek freedom. Sometimes it feels like a dilemma. You will begin to forgive and then love more. Instead of your back to life, looking over your shoulder, you face life itself. Listen for the heartbeat of nature.

SCORPIO: Find ways to express yourself, not necessarily through words but through right actions and right communications. In between, what right physical action for you would be is exercise, yoga, tai chi, walking, running, cooking, dancing to music, boating, swimming, etc. Rajneesh put his disciples in a dark room, eyes covered, loud music and told them to dance their hearts out. You might try that. However you express yourself, movement is what is important, for it will stabilize highly emotional trigger points. Daily life stresses make you feel like escape is necessary. Yes, do escape. You know how to do this. Ohm.

SAGITTARIUS: Sometimes a new adventure is how we care for ourselves in daily life, like with foods, eating, drinking, exercising, praying, meditating, sleeping, etc. And so, there is a call to use your mind and spiritual will to focus on health and well-being. Thinking prevention. Do these with joy. Health and joy are both important. You have a sense of confidence in your intelligence and good planning. When you're truly mindful, your communication infects others with inspiration and enthusiasm. You bring a "resurrection" to people. An upliftment. Ponder these things during the next forty and fifty days. Attend church and pray.

CAPRICORN: As you tend to needed domestic duties and disciplines, a small voice, becoming louder and stronger, calls for less responsibilities, less drastic changes and transformation and a bit more happiness, joy and freedom. Life has been a challenge for Capricorn for the last many years, but especially now. Maintain care when communicating with family. You could feel impatient, saying things you later regret. You may work harder and longer to the point that exhaustion follows. Don't allow that to occur. In all ways, you are recognized, needed, creative and valuable. People learn from you - as a scholar, an artist and a disciple seeing the needs and responding to the needs. Carry on.

AQUARIUS: It's important to be aware of limits and agendas so time and money are not wasted. Discipline allows a structure and then the intuition to emerge. When we have no discipline, intuition has nothing to focus upon. Should you need anything, slowly and clearly articulate those needs. Your communication abilities are excellent. Ask (with love and gratitude) and it will be given. Give and more will be asked of you. Both must occur. Think on all the love and goodness your life has provided. This goodness rules your life. And life continues to be a paradox.

PISCES: The north node is in your sign of Pisces. North Node is our dharma, our spiritual path forward, the tasks we are to develop in a lifetime. What pathway do you see ahead? What words are you using? What you communicate in the world, to family and friends can affect many people. Tell the truth about your experiences. Let people know both your inner and outer realities. No matter what is occurring in your life, move toward it with grace and love and willingness. Great good will come of it. Remember this when the road becomes rocky or when you meet the Buddha on the road. Read Psalm 91. Write daily in your Gratitude Journal.
